
ECE 308
Signals and Systems – Course Syllabus
Summer 2012
Instructor: Guillermo Atkin

Office: SH – 141

Office Hours: M, T and W: 4:15 to 5:15 PM.

e-mail address: atkin@iit.edu

Class Hours: M, T and W: 1:20 to 4:00 PM

Description: Time and frequency domain representation of continuous and discrete time signals. Introduction to sampling and sampling theorem. Time and frequency domain analysis of continuous and discrete linear systems. Fourier series convolution, transfer functions. Fourier transforms, Laplace transforms, and z-transforms. 3-0-3

Prerequisites: ECE 213

Course Objectives:

After completing this course, the student should be able to:

1. Understand mathematical descriptions and representations of continuous and discrete signals and systems.
2. Develop input-output relationships for Linear Time Invariant Systems (LTIS).
3. Understand the impulse response of a system and the convolution operator.
4. Use transform techniques for the analysis of LTIS.
5. Use Fourier and Laplace Transform analysis for continuous-time LTIS.
6. Use z-Transform analysis for discrete time systems.

Course Topics

1. Signal and System Modeling Concepts.
2. System Modeling and Analysis in the Time Domain.
3. The Fourier series.
4. The Fourier Transform and Its Applications.
5. The Laplace Transformation.
6. Applications of the Laplace Transform.
7. State-Variable Techniques.
8. Discrete-Time Signals and Systems.
9. The Discrete Fourier Transform.

Textbook: Signals and Systems: Continuous and Discrete, 4/E, **Rodger E. Ziemer**, *University of Colorado at Colorado Springs*; **William H Tranter**, *the University of Missouri, Rolla*; **D. R. Fannin**, *University of Missouri, Rolla*. ISBN-10: 013496456X; ISBN-13: 9780134964560; Publisher: Prentice Hall; 1998.

Grading: Coursework will be graded as follows:

1. Homework TBA
2. Exams 1 TBA
3. Exams 2 TBA
4. Final exam TBA

Homework solutions will be posted in the Blackboard on Wednesdays. HW should be submitted (hard copies) at the beginning of the class on Mondays. No late HW will be accepted without previous instructor consent.

Grade scale:

- A: TBA
- B: TBA
- C: TBA
- D: TBA
